Visitors are Welcome

The public is cordially invited to visit our nurseries, and visitors are not annoyed by solicitations of a commercial nature.

All orders are accepted subject to prior sale and loss caused by drought, fire, hail or other causes beyond our control.

Prices subject to change without notice.

Terms

Cash must accompany all orders to insure prompt shipment.

Parties desiring credit must furnish satisfactory references and allow sufficient time for investigation. When credit is extended, invoice will be mailed on day of shipment and payment must be made on the 10th of the month following date of invoice.

No orders accepted for C. O. D. shipment.

State Inspection

The *Westover Nurseries* are inspected at frequent intervals during the year by the Nursery and Orchard Inspection Service of the Department of Agriculture of the State of Missouri; a Department Certificate of Inspection, attesting the fact that our nurseries are free from parasitic growths and harmful insects, accompanies each shipment.

Artistic Landscaping

Westover service having been so conspicuously successful, many of our patrons urged us to organize a landscape department. To meet this demand we inaugurated a department of landscaping which is now thoroughly established, fully equipped.

We are prepared to lay out grounds, make lawns, furnish stock, plant and assume entire charge of any landscape work regardless of magnitude. Complete plans for gardens, pergolas and garden accessories, and advice on the care and upkeep of your garden, will be cheerfully furnished.

Expert Tree Surgery

Beautiful old trees which have suffered from disease, storm or careless pruning, can be saved by a proper surgical operation.

One of your oldest and most valuable trees may be threatened with destruction through weakness caused by a decayed or hollow spot in its trunk or larger limbs.

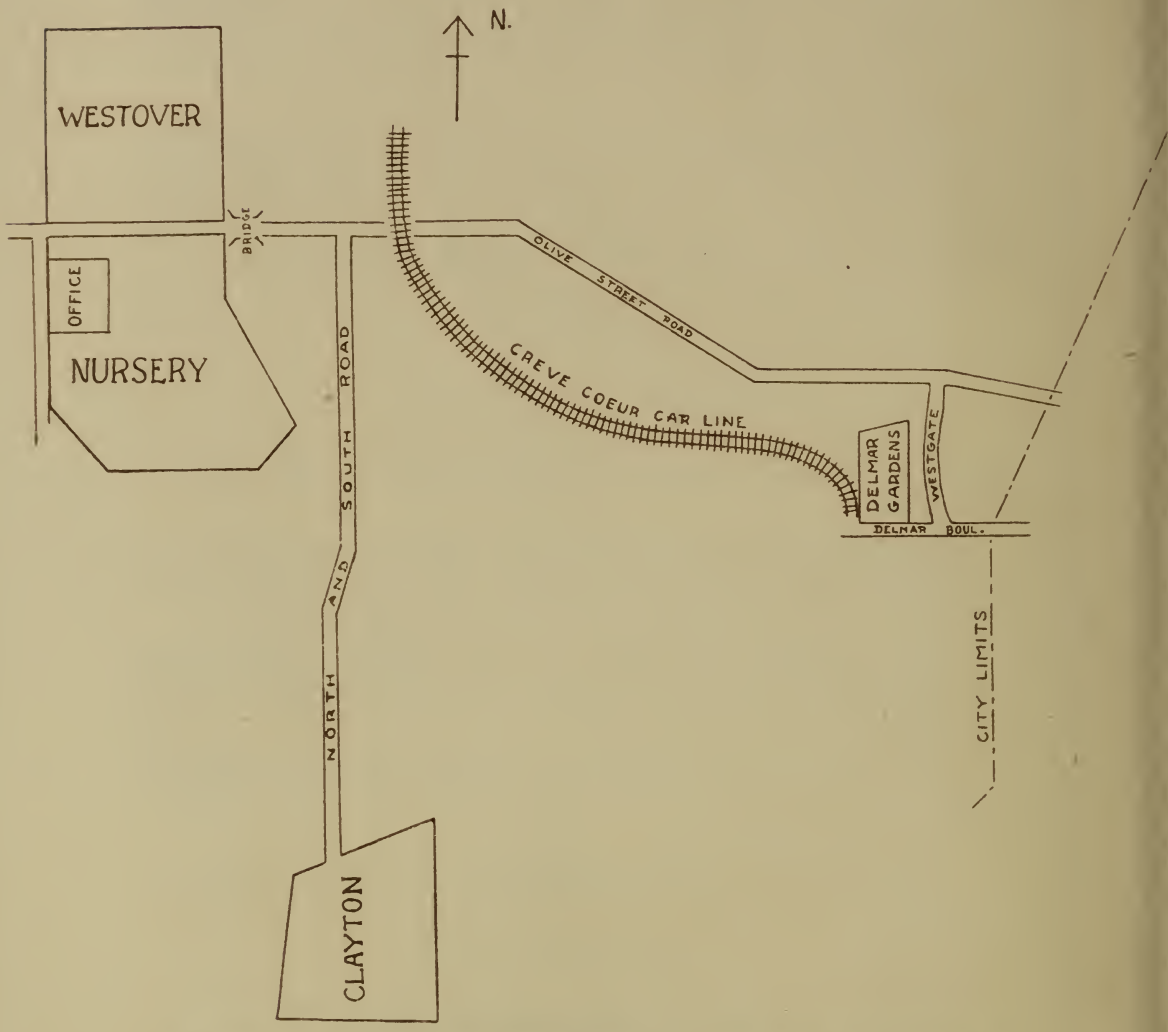
It is no longer necessary to send outside of St. Louis for the rare skill required to bring your trees back to health and vigor.

Our expert tree surgeons will cut out this cavity and fill it in such a way that it will prolong the life of the tree for many years.

Spraying and careful pruning at the proper time will do much to keep your trees and shrubs in good condition.

Trees for Immediate Effect

There has been such a great demand for large trees that we have recently acquired one of the most approved moving devices, and are now equipped to transplant trees, either from the nursery or from the forest, which will save the planter many years of waiting.



The Westover Nursery is near the city limits, very accessible by motor car or trolley
